ADMIRAL ENQUIST  
ALIVE AND WELL

Russian Naval Commander Arrives in Manila Bay With Three Ships.

VESSELS CARRY MANY WOUNDED MEN

Cruisers Damaged by Togo's Fire—American Admiral Accompanies Russians From Corregidor Island to Manila.

Manila, June 3.—Rear Admiral Enquist, who was commander of the heavy cruiser squadron of the Russian fleet, arrived in the bay at 9 o'clock this evening on board his flagship, the protected cruiser Aurora, accompanied by the protected cruisers Oleg and Jemchug. All the vessels were more or less damaged and there were many wounded men on board.

Rear Admiral Train, on board his flagship, the battleship Ohio, with the Wisconsin, Oregon, Raleigh and Cincinnati, was outside Corregidor Island maneuvering when the Aurora saluted with thirteen guns and the Ohio answered.

Admiral Train and his squadron accompanied the Russian vessels to Manila.

In an interview, Rear Admiral Enquist's executive officer said: "When the battle began the admiral was aboard the cruiser Oleg, which was hit a number of times by large shot. There was an incessant rain of shot from quick-firing guns, and the ship was soon badly damaged."

"The admiral transferred his flag to the Aurora, which then drew the combined fire of many torpedo boat destroyers at close range and the attack of submarines. We were overwhelmed by the latter. A mist arising, we made a dash for the open sea and were followed by the Oleg and the Jemchug."

Rear Admiral Enquist is uninjured. Captain Egoroff, of the Aurora, was killed by a shell which struck the conning tower, and he was buried at sea the day before reaching Manila.

The battleship Ohio and the cruiser Cincinnati are guarding the Russian ships. No official action as to their disposition has been taken yet.

MAYBRICK LOST WITNESS

Remarkable Story of Norfolk Druggist Who Died Before Famous Trial

Lynchburg, Va., June 3.—C. B. Fleet, the well-known druggist here and secretary of the State Pharmaceutical Association, declares that just previous to the last trial of Mrs. Florence Maybrick the late Fred H. Masi, who was then treasurer of the association and had a drugstore near the corner of Main and Church streets, Norfolk, almost opposite the Purcell house, was in Lynchburg for some time for the benefit of his health.

He then told Mr. Fleet that the Maybricks often stopped at the Purcell house and visited his store, that Mr. Maybrick frequently got on sprees, resulting in a complete breakdown, and used arsenic as a pick-me-up and was habituated to its use.

Mr. Masi told Mr. Fleet he had then been summoned to England as a witness and expected that his evidence would do much towards clearing Mrs. Maybrick.

Soon after this and just before he was due to sail for England, Mr. Masi became worse, returned to Norfolk and died.

Hoch Sentenced to Hang.

Chicago, June 3.—Johann Hoch, convicted wife murderer and confessed bigamist, was sentenced by Judge Kersten today to be hanged June 23.

When the court asked if Hoch had anything to say his sentence should not be pronounced, Hoch replied: "Judge, I am willing to die tonight if you think I am guilty. I am innocent of the crime, but I will say now the crime was committed. God forgive you all, God have mercy on your souls. I have no feeling against you. If you think I am guilty of this murder, I am willing to have my life put out tonight."

Hoch then sat down. He was palpitantly nervous. Perspiration covered his face and he was very pale.

Judge Kersten said: "This court has no doubt that this man put that poor, confiding woman to death; the woman you, Hoch, had sworn to protect, the woman who gave you her all."

Formal sentence was passed and Hoch was taken back to jail.

DEATH OF GEN. BOYNTON.

President of Chickamauga Commission Expires at Atlantic City.

Atlantic City, N. J., June 3.—General H. V. Boynton, president of the Chickamauga Park Commission, died here today. He suffered from a complication of diseases.

General Boynton had been ill since March, but for a time had rallied sufficiently to permit him to resume his official duties. His strength soon failed him, however, and he suffered a relapse.

General Boynton had a notable career, both as a soldier and a newspaper correspondent.

Thirty Indicted by Beef Trust Jury.

Chicago, June 3.—Indictments against thirty men have been drawn as a result of the evidence secured by the Federal grand jury in its two months hearing of witnesses in connection with an investigation of the methods of the meat packing industries.

## The Success of Banks that Pay Interest on Deposits.

It will be interesting to a great many people to know that the largest, strongest and most successful banks in the United States pay interest on savings accounts, all of the banks, both State and National, of Lynchburg, Richmond, Washington, Baltimore, Philadelphia and New York City, pay interest on savings accounts, thereby securing large deposits that they are enabled to loan at a good rate of interest and discount. The stock of these banks is the most profitable of any in the country, more than three-fourths of the banks of the United States are now paying interest on savings accounts and doing it successfully. The American National Bank of Graham, Va., has adopted this plan, after very careful consideration of the matter. It is the only bank in this immediate community that openly and fairly announces this, that it will pay interest to everybody alike, special privileges to none.

There is no question as to the security of your money when placed in a National Bank, and it is decidedly more secure where the bank is progressive and enterprising in its methods of doing business, because all of the interests of the bank and its depositors are safely guarded. This bank offering interest at its very beginning in business, and making its arrangements for placing and handling its deposits can do it profitably, much more so than a bank having been in business here for a number of years, and having secured large deposits on which they pay the public nothing and loaning it out on that basis, and for that reason we remain the only bank paying interest in the community.

You are not bound by any contract to leave your money any period of time, but can withdraw it whenever you like, and if it is not withdrawn within sixty days from the time of the deposit the regular interest of three per cent. will be allowed. This is destined to be of great help to people with money that they do not care to invest permanently, because you draw interest from the first day you deposit it.

Your correspondence is solicited where you have any intention of opening a new account, either as an individual firm or corporation.

HOME MISSION MATTER.

Mrs. H. G. Peery, Editor.

The Brewster Book, of Boston, is responsible for the statement that Greater New York has a saloon for each 380 of its population and a church for each 3,800, while there are wards of the city with a saloon for each 180 and a church for each 10,000 of its people.

Miss Doremas, of New York, told the Boston branch of the Woman's Union Missionary Society that the Buddhist priests advise Hindoo fathers to send their sons to America to cure them of Christianity. The Christian nation that we claim to be ought to blush at such a commentary as this.

A new mission boat, the Dante, under the control of the Epworth League of Bethel Methodist Episcopal church, of East Boston, is now actively engaged in work among seamen. The Dante starts on its religious cruise with the promise of much good service before it.—Christian Advocate.

The founder of the Door of Hope Mission, Mrs. E. M. Whittemore, of New York, recently gave a series of lectures and addresses in the city of Baltimore.

Journalistic.

We have received a copy of the initial number of the "Evening Journal" which began publication at Richmond, Va., on Monday afternoon, the 5th inst. The first No. is a twelve page paper of excellent mechanical appearance and it has a large and capable staff of editors, reporters, etc. While the Journal will be democratic in politics, it declares, "we reserve, and shall exercise the right either to advocate or oppose men or measures as we conceive the true interests of the public may demand." We welcome the Journal to our exchange list.

RESOLUTIONS.

At a congregational meeting of the Christian Church at Tazewell, held on the 28th day of May, 1905, the following resolutions were adopted:

Resolved, 1. That with reluctance and regret, we accept the resignation of our minister, Robert E. Elmore, who has served this church faithfully and efficiently for nearly four years.

2. We pray for his success in the work of an evangelist, on which he is now about to enter.

3. To all whom it may concern, this congregation desires to bear testimony to his high moral character as a man, and his ability as a preacher. Brother Elmore is universally loved by all who know him.

Many Killed in Macedonia.

Vienna, June 2.—It is reported that a serious fight has taken place between Serbian and Bulgarian bands near Kishewo, Macedonia. Twenty Bulgarians and twelve Serbians were killed, and many on each side wounded.

The Serbians captured the Bulgarian leader, who is alleged to be a captain in the Bulgarian army.

100 Killed; Many Hurt in Albania Earthquake.

Cettegine, Montenegro, June 3.—Details of the earthquake at Scutari, Albania, show that 100 persons were killed and 250 injured, and that the town has been completely devastated. There were two shocks. The inhabitants are now living in the open, while the foreign consuls have been provided with tents. The authorities have organized parties to search for the bodies of victims. It is feared that the list of casualties will be considerably increased.

They Were Convicts Engaged in County Road Work and Became Careless in Handling the Deadly Explosive.

Biscayne, Fla., June 3.—Five negro convicts at the county camp at Ojus were blown to atoms by dynamite Thursday night.

The dead are: Sam Knight, Louis Knight, Henry Jones, Will Body, Jonas Martin.

All these men were serving a short sentence on the county roads. Dynamite in large quantities is used in road building and the negroes had become careless in handling it. The bodies of the dead convicts were in every case badly torn and mangled. One, that of Henry Jones, was blown three hundred feet into the branches of a tree, where it was subsequently found.

The exact cause of the explosion will never be known, though it is attributed to the discharge of a dynamite cap, which set off a box containing 150 pounds of the deadly explosive.

## LATE WAR NEWS.

St. Petersburg, June 3.—General Linevitch, in a dispatch to Emperor Nicholas, dated May 31st, said:

"On May 29th the Japanese began an advance and attacked our troops in the valley of Tsin River, about three miles beyond Fenshu Pass, which remained in our hands."

London, June 3.—According to dispatches from Shanghai, the Japanese are preparing an expedition for the Island of Sakhalin, and have threatened to send a fleet to Shanghai to compel the observance of neutrality with regard to the Russian vessels there.

The threat, the dispatches say, has induced the Russian consul to consent that the vessels be interned.

Tokio, June 3.—With the destruction of Russia's naval power, interest is returning to military operations on land. Togo's victory tremendously alters the military situation and removes all limits of offensive operations against Russia's maritime provinces. It is now possible to effectively close Vladivostok, seize Sakhalin, the mouth of the Amur River, Kamchatka and any point between the Tumen River and the arctic circle that Japan may desire.

A foreign military observer, discussing the question with the correspondent of the Associated Press, says:

"Togo's victory may drive Russia away from the Pacific coast of Asia. Japan now has a free hand in Russia's maritime provinces and her offensive capability is unlimited. Nothing bang the way except the Russian forces at Vladivostok, whose speedy isolation is possible. The Amur River is open to Japan and Russia's defensive capability is now entirely limited to the capacity of the Chinese-Siberian Railway."

Berlin, June 6.—A startling rumor that was current on the Bourse this afternoon cannot be confirmed, and is not given a great deal of credence.

It was reported that Nicholas II, Autocrat and Czar of All the Russians, had been assassinated.

A private telegram to this effect is said to have been received by the Mendelssohn, bankers for the Russian government.

No details of the reported assassination were given.

New York, June 6.—At the office of the Russian consul general in this city it was announced that no intelligence of the assassination of the czar had been received.

At the offices of Kuhn, Loeb & Co. the statement was made that the banking firm of Mendelssohn Bros. is very reliable and have good sources of information about Russian affairs. This firm was prominent in placing the last Russian loan.

Berlin June 6.—A correspondent of the Publishers Press is able to state authoritatively that the French government has instructed the French ambassador at St. Petersburg to inform the Russian government that France is willing to act as mediator between Russia and Japan.

The communication was sent to the French embassy immediately after the Russian defeat.

No reply has as yet been received because the czar is undecided whether the war is to be continued or not.

FOR LIEUTENANT-GOVERNOR  
Friends of Hon. John Acker Will Present His Name at Coming State Convention

Since the first of the year there has been an earnest effort among the Republican leaders throughout the state to put the party in fighting trim for the fall campaign, when a Governor and other state officers are to be elected. A systematic campaign has been waged among the Republicans throughout the State, under the leadership of State Chairman C. B. Slem, to have the voters qualify themselves to vote in the fall election by the payment of poll-tax, to meet the Constitutional requirement, preparatory to making a vigorous fight to carry the State.

While the campaign for the payment of poll tax has been vigorously waged, the matter of placing on the ticket the strongest man in the party has not been lost sight of. For months past it is said that the party leaders have been looking the field over for the most formidable candidates for a successful fight, and at the same time men who, when elected, will discharge the duties of office ably and with the most credit to the State.

The Valley is looked to for a representative on the ticket this year, and from party leaders all over the State the inquiry comes: "Why can't Hon. John Acker, of Rockingham, be prevailed upon to accept the nomination for Lieutenant Governor?"

Hon. John Acker has for years been the most conspicuous figure in Republican politics in the 7th District, and has been urged repeatedly by his party to accept the Congressional nomination. The esteem in which he is held by the Republicans of his own District is attested by his having been twice in recent years, sent, unsolicited by him, as Delegate to the National Convention, in 1896 and 1904.

President Roosevelt has shown his confidence in him by making him Chairman of the Patronage Conference for the 7th District. As a member of the House of Delegates and of the Senate of Virginia, he has shown eminent fitness for presiding officer of the Senate. His long service as a member of the State Committee and the prominent part he has taken in State conventions has made him one of the best known Republican leaders in the State.

The Republicans of the Valley will, at the approaching State Convention, present Mr. Acker's name for Lieutenant Governor, as the Valley representative on the ticket. His strong personality, his unselfish devotion and untiring zeal for the best interests of his State, makes him a most formidable candidate. In putting him forward, his friends will be acting in accordance with the expressed judgment of many of the most influential leaders from all sections of Virginia.—"C." in Harrisonburg Dailey News.

Bristol, Va., June 5.—There are fully 10,000 German Baptist in this city attending the annual conference of the denomination. The standing committee which has before it the real work of the conference has been in session behind closed doors all day and is so engaged tonight. The business session of the conference to which this committee reports will convene tomorrow morning. Weather conditions are ideal for the gathering. The great tabernacle had been crowded and hundreds could not gain admission.

He stands indicted for the unlawful killing of Rees Lester. The offense was committed over a month ago on Little Mountain in the southeastern portion of the county.

Any other cases that the bar may then have ready will also be tried or heard by Judge Henson.

The case of Harris' adm'r vs. T. K. Leedy, which was being tried when we went to press last week, was concluded on Friday. Counsel for Leedy demurred to the evidence and the jury gave a verdict for \$3,000 damages. The court overruled the demurrer to the evidence and sustained the verdict of the jury.
